ASSAM ACT NO. LVII OF 2023
(Received the assent of the Governor on 22nd November, 2023)
THE GURUCHARAN UNIVERSITY ACT, 2023

The front page of The Gurucharan University Act, 2023 by which Gurucharan College was upgraded to a University.

Prof. Niranjana Roy, the 1st Vice Chancellor of the newly formed Gurucharan University was administered Oath of o/o Vice Chancellor by Hon'ble Governor of Assam on 25th July, 2025.

Hon'ble Governor of Assam , the Chancellor of Gurucharan University in Silchar, was felicitated by Prof Niranjana Roy, Vice Chancellor of Gurucharan University in Silchar Circuit House on 24th August 2025 during his brief visit to Silchar. Hon'ble Chancellor has given significant instructions relating to development of the University.

Message from the Vice Chancellor

I am very happy to introduce the first newsletter of Gurucharan University, which started its journey on 28th July, 2025. The erstwhile Gurucharan College, Silchar, was established on 15th July 1935, and as such, the newly upgraded University has a legacy of 90 years. The erstwhile Gurucharan College had immensely contributed to shaping the careers of lakhs of students of the Barak Valley region of the country. The University, though in its formative stage, has started to focus on creating a student-centric learning environment through student-engagement and learning outcomes in its curriculum and pedagogy within the broad ambit of NEP 2020. At the same time, steps are being initiated to promote a culture of research through effective student engagement at all levels. The faculty members have taken steps to develop their professional skills to contribute to the research and teaching excellence. The non-teaching staff have also performed their duties very efficiently and taken steps to build capacity in their professional skills.

This 6-monthly newsletter will showcase the sustainable practices and activities of this University from time to time. I congratulate the Editor of this newsletter for his dedication to incorporating all the best practices and activities organised by the different departments and cells in the University. This University possesses immense talent among the students of different branches of knowledge, which needs to be nurtured effectively so that they can contribute to nation-building and to achieve "Viksit Bharat" by 2047.

I convey my greetings and best wishes to all the faculty members, non-teaching staff and students.

Niranjana Roy
