ABOUT THE CONFERENCE

What is Sansad Mahotsav?

Sansad Mahotsav is a high-stakes, two-day simulation of India's Parliament — brought to Silchar for the very first time. Delegates step into the roles of MPs and MLAs, debating real policy issues and passing resolutions that shape the will of the House.

Built on the acclaimed Model United Nations (MUN) format and fused with authentic Indian parliamentary procedure, this is a live democratic arena where research, reason, rhetoric and resolve decide who rises.

"A Nation is shaped by those who dare to govern it." Most young citizens never stand inside the structure of democracy. Sansad exists to change that.

ABOUT THE ORGANISER

What is The Speaking Circle?

WHO WE ARE

The Speaking Circle is a student-led organisation built by the best young minds of Barak Valley — from Assam University, Silchar Medical College & Hospital (SMCH), Gurucharan College, and several other institutions — who share a common passion for debate, Model United Nations, Youth Parliaments, and high-calibre public discourse.

OUR MISSION

To channel the voice of the youth of Barak Valley — building a lasting culture where dialogue becomes a habit, leadership becomes a responsibility, and every student is empowered to contribute to the future of the region and the nation.

THINK · SPEAK · LEAD

THE GAP WE SAW — WHY THE SPEAKING CIRCLE CAME INTO EXISTENCE

Barak Valley has never lacked talent — its colleges have always produced students with real academic ability and leadership potential. What the region has lacked is a sustained ecosystem to nurture that potential beyond the classroom.

THE NEED

To close the gap between talent and opportunity — building a culture where ideas are encouraged and leadership is built through participation, not just the classroom.

OUR PURPOSE

Build a vibrant ecosystem of intellectual engagement across Barak Valley through accessible debates, Youth Parliaments and MUNs.

OUR VISION

To establish Barak Valley as a recognised centre of intellectual excellence, where every student can think independently and lead with purpose.
